STANFORD, KY., TUESDAY, JANUARY 15, 1907.

NO. 86.

CRAB ORCHARD.

The ministers of the Church of God are carrying on a series of meetings at the court house.

Rev. Cokely's regular appointment as pastor of the Baptist church was filled by Rev. Abernathy Sunday. He delivered a forcible sermon.

The new Christian church will be ready for service by the last of this month. On the first Sunday in February the first service will be held.

Miss Petro, the new music teacher at the Graded School, seems to have won the hearts of all her pupils, as each praises her in the highest terms.

W. E. Perkins, after invoicing, says he wishes to thank his vast number of friends who have patronized him so liberally and wishes them a happy and prosperous year.

The young people had a pond party at the hospitable home of Mrs. Jennie Tatem, who threw open her house for their enjoyment. Each and all enjoyed the occasion immensely.

T. K. Watson, of Lancaster, visited the homefolk Sunday. Mrs. Emma Farris, who has been ill for some time from a stroke of paralysis, has recovered sufficiently to partially attend to business. Mrs. Margaret Gormley, who for some time has been bedfast, is beginning to sit up and it is hoped that she will soon enjoy good health.

He Proves His Devotion.

A dentist received a call the other morning from a couple whom he soon had reason to believe were lovers. The girl had an aching tooth, and as they entered the young man said:

"Now darling the worst is over. Just take a seat and it will be out in a minute."

"Oh, I daren't!" she gasped.

"But it really won't hurt you at all, you know."

"But I am afraid it will."

"It can't. I'd have one pulled in a minute if it ached."

"I don't believe it."

"Well, then, I'll have one pulled out just to show you that it doesn't hurt."

He took a seat, leaned back and opened his mouth, and the dentist seemed to be selecting a tooth to seize with his forceps when the girl protested.

"Hold on. The test is sufficient. He has proved his devotion. Move away, Harry, and I'll have it pulled."

She took the chair, had the tooth drawn without a groan and as she went out she was saying to the young man:

"Now I can believe you when you declare that you would die for me."

And yet every tooth in his head was false. —Tit-Bits.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by the Stanford Drug Co.

The editor of the Frankfort Journal, who was "bit" by the Lexington investment companies, says: "A preacher is on trial at Lexington for swindling by means of an investment company, and he states that it will take him three days to tell how it was done. If the plan of his company was like most of the others it oughtn't to take that long or more than a few words. The simple statement that the companies were organized to rob the unsuspecting and covetous and lived up to the object of their organization, would tell the tale."

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service, at Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by the Stanford Drug Co.

We can do without hammers, we can do without nails, we can do without fences and do without rails— we can do without boxes and barrels and bins, But where is the woman that can do without pins?

Four people were killed in a freight collision on the Illinois Central near Bardwell.

IN NEIGHBORING COUNTIES.

Mrs. Joseph Dollarhyde is suing the town of Norton, Va., for \$10,000. Her husband was killed by a policeman of that city on Christmas day.

The old home of former Congressman Vincent Horeing has been selected as the site for the new government building to be erected at London.

Oscar Bramlett, a Mercer county youth of 17, measures six feet nine inches and weighs 221 pounds. He wears a number 14 shoe and trousers 49 inches to the leg.

Mayor C. D. Thompson and the board of city councilmen of Harrodsburg have bought \$1,000 of the city's electric light bonds for the city, reducing the debt for the light plant to \$14,000.

Several large pieces of the battleship, "Maine" passed through Danville on route to New York City. This material has been in the Havana harbor since the ship was blown up several years ago.

While endeavoring to separate two Negro inmates, who were fighting, Robert Gillen, keeper of the Madison county poor farm, was attacked by one of the contestants. Gillen shot him probably fatally.

Benjamin F. Potts is dead at his home at Lancaster after an illness of consumption. Mr. Potts was for years one of the best millers of Garrard county. He leaves a family of grown sons and daughters.

Suits have been filed by the Middleboro Town and Land Company against 125 persons and firms in various parts of the country for the recovery of lots that were bought by these parties during the "Middleboro boom" days. About \$100,000 worth of property is involved.

Gov. Heckham granted a pardon to Wright Young, of Whitley county, an inmate of the State penitentiary, serving a sentence of 10 years upon conviction of manslaughter. Young had served 27 months. The pardon papers were carried to Frankfort by Judge Thomas Z. Morrow, of Somerset.

Rev. and Mrs. Benjamin Helm left for Louisville, where they will be at home at 720 Fourth Street, says the Advocate. With their departure the W. L. Caldwell place on the Lebanon pike will, for the first time in 121 years, be occupied by others than direct descendants of the original owner of the place.

A. H. Hamlin bought of Jonas McKenzie his farm, known as the McClary farm, for \$3,000. Mr. and Mrs. John McKenzie and Mrs. James I. White were guests of Mr. and Mrs. Jonas McKenzie. McKenzie Brown, who has been associated with this office for the past year, has resigned his position and will launch into the journalistic field at Williamsburg. —Mt. Vernon Signal.

The judgment of the Pulaski circuit in a case of Pulaski county against the city of Somerset was affirmed both on original and cross appeal in the court of appeals. The city and county engaged in litigation as to which should bear the expense of treating small-pox patients during an epidemic in 1900. Both sued and the court dismissed both petitions. This left them jointly bearing the expense.

County Attorney W. J. Price and Commonwealth's Attorney Charles Hardin have been camping on the trail of a number of Louisville firms that have been guilty of violating the law in failing to have the word "Incorporated" appear on their printed matter, and have caused to be issued summonses calling on these firms to appear in Danville and show cause why they should not be punished for such violation. —Advocate.

The Hoyle County Herald, of Danville, with \$10,000 capital stock, has been incorporated. The incorporators are John B. Stout, A. E. Hundley and W. Owen McIntyre. They will do a general newspaper and printing business. Also Clay's Ferry Bridge Co., of Madison county, with \$4,800 capital stock. The incorporators are T. J. Smith and W. S. Moberly, of Richmond, and James Eskine, of Cleveland, Fayette county.

To Policeman Boh Colyer belongs the credit of landing the first boot logger. John Coerner, a notorious violator, just from the prison of Monticello for boot logging during the fair, last September, arrived in the city Wednesday and, it is alleged, began playing his vocation. Colyer soon had him in custody with dead shot cases to insure his conviction. A supply of liquor was found hidden away at the electric light plant. —Somerset Journal.

The agreement reached was a compromise, the employees withdrawing their demand, among others, for an eight-hour day.

The disappearance of John Smith from Jackson has caused no alarm to the attorneys for the prosecution in the Hargis case, who think they will be able to find him when they need him. Smith said before leaving Jackson that threats had been made against him and he did not think it safe to remain in town. According to reports prevalent in Breathitt more surprises are coming for the defense in the Hargis case and some of Hargis' former staunch friends are deserting him.

In spite of warnings that he would be killed if he appeared on the streets of Jackson, A. Floyd Byrd, who is prosecuting James Hargis and the other Breathitt county feud leaders, went to the courthouse and took his accustomed place. On account of the ending of the appeal term of court it will not be possible to try Hargis for several weeks. Should the trial take place in Jackson, under similar conditions existing during the last few days, troops will be sent to protect the court.

FOR SALE.—One good milk wagon. George H. Simpson, Shelby City.

We have a few pieces of Rochester ware that we will close out at cost until Feb. 1. W. H. Higgins.

THERE is sorrow in the home of Mrs. Pamela Brown. Her celebrated Maltese cat, Polk Williams, a family pet of a dozen or more years, died Friday. The date of the interment has not yet been announced.

THE will of Isaac Hamilton was probated in the county court yesterday. He leaves his property to his wife, three children and grand-children. The will of Bony Hays, colored, was also probated. This and some routine business was the extent of the work done.

A DISPATCH sent from Crab Orchard says that H. Howard has sold five acres of his farm, two miles south of Crab Orchard, on the L. & N., at \$250 per acre, and has given an option on the remainder of the farm at \$100 per acre. The purchaser, a Lexington stone contractor, is getting machinery and making arrangements to open a quarry of building stone on the land he has purchased. He claims that the stone is of as high grade as the famous Bedford stone.

LINCOLN LEADS.—Lincoln county Kentucky, has perhaps contributed more teachers, in proportion to its population, to the profession of teaching the deaf than any other county in the United States in the same length of time. There are at present 26 connected with the various schools throughout the country and a number of others who would like to be. The Montana school alone has four, and we have received applications from several of those Lincoln county girls. If this thing continues the young men of that now famous county will by and by be compelled to back it, do their own cooking and sew on their buttons or go to Massachusetts for wives. Education is a good thing, but is very evident that there can be too much of it under certain circumstances. We trust there will be no serious reaction against the present advanced educational spirit up in Kentucky as a consequence.—Lone Star.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes G. L. Penay.

The financial statement of Paducah for 1906 shows a deficit of \$44,045.36, the largest in years. The city has been under control of Republican boards, and the appropriation for each department were ignored and money spent carelessly, says a dispatch from that place.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor, at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at Penay's Drug Store.

"What becomes of the womanly women?" murmured the poet.

"A good many of them," replied the practical person, "marry more or less manly men and have more or less childish children."—Exchange.

How to Cure Chillsblains.

"To enjoy freedom from chillsblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at Penay's Drug Store.

Champ Clark, of Missouri, issued a statement at Washington in which he declared he is not a candidate for the minority leadership of the House to succeed John Sharp Williams, of Mississippi.

Cut this out and take it to the Stanford Drug Co., and get a free sample of Chamberlain's Stomach and Liver Tablets. These tablets are far superior to pills, being easier to take and more pleasant in effect. They correct disorders of the stomach, liver and bowels.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by the Stanford Drug Co.

The London Water Co., with \$2,000 capital stock, has been incorporated. The incorporators are Abner Eversole, J. B. Eberhue, D. B. Murphy.
